Capabilities:

Fulton Precision Industries is able to provide a wide a range of precision machining for both government and commercial clients, specializing in short, medium and large production runs for metal and plastic parts. Our primary customers are in the heavy construction/mining industries, and the oil/natural gas extraction industries.

Differentiators:

- Distinguished Responsiveness- Reduce lead times/ In-house engineering and maintenance/ modern equipment.
- On-premises quality control lab with the state of the art equipment.
- Located in south-central Pennsylvania with convenient access to PA Turnpike, Interstates 70 and 81, rail, and air.
- Pre-delivery inspection service that has vastly reduced customer rejections over the past 4 years.
- ISO 9001 certified

Past Performance:

- Bronze-Certified Preferred Supplier for Caterpillar Tractor (2014)
- Developed a prototype Down The Hole (DTH) drill bit for Atlas Copco's Geo-Thermal project (2014)
- Recognized for outstanding support for Continuous Product improvement project from Caterpillar's Advanced Components and Systems Division (2013)
- 2015 Pennsylvania Governor's ImPAct Award Finalist for Small Business.
